SKILLS

- **Languages**: Java, C, JavaScript, C++, PHP, Python
- **Frameworks**: HTML and CSS, Bootstrap
- **Tools/Platforms**: MySQL, Git, GitHub, Restful APIs
- **Soft Skills**: Problem-Solving, Team Collaboration, Adaptability, Communication, Time Management

PROJECTS

- **ThesisEase – PG Dissertation Management System**: GitHub March 2025 – May 2025
  - Constructed a full-stack dissertation management system to streamline and automate workflows for **100+ users** (students, supervisors, admins), eliminating over **80% of manual submission tasks.**
  - Integrated core features including secure document upload, **role-based access control (RBAC),** and real-time progress tracking for all dissertation milestones.
  - Engineered a secure, modular PHP-MySQL backend with robust session management, ensuring complete **data integrity and reliability** for all academic records.

  Tech: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

- **File Recovery System and Optimization Tool**: GitHub March 2025 – April 2025
  - Developed an OS-level recovery system to restore lost and corrupted files across NTFS, FAT32 and ext4 file systems, achieving **successful recovery for 90% damaged files** across test datasets.
  - Implemented real-time system monitoring and vulnerability detection to analyze **100+ process activities, reducing anomaly response time by 65%** through automated alerts and process isolation.
  - Optimized disk performance using defragmentation and AI-driven file placement, improving overall **file access speed by 50%** and **reducing system latency by 40%.**

  Tech: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL

TRAINING

- **Summer Training – Lovely Professional University:** (GitHub | Live) June 2025 – July 2025

  About: Built a real-time academic monitoring platform **Acadex** to track student performance, attendance, and risk indicators across multiple departments.
  - Developed a **scalable SPI system** used by **5+ departments** for centralized academic insights.
  - Designed **interactive dashboards and alerts**, reducing **faculty workload by 40%**.
  - Optimized **PHP & MySQL backend**, improving **system response time by 60%** for **1000+ records**.
  - Gained hands-on experience in **full-stack development, database optimization, and building data-driven academic systems**.

CERTIFICATES

- Computational Theory – Infosys Springboard Link August 2025
- Cloud Computing – NPTEL (IIT Kharagpur) Link April 2025
- Complete Python Pro Bootcamp – Udemy Link December 2023

CO-CURRICULAR

- Attended a Cyber Security workshop organized by Amazon Web Services. November 2025
- Participated in Code-A-Haunt, a 24-hour hackathon based on web development. March 2024

EDUCATION

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 8.51*** *July 2023 - Present*
- **City Montessori School** Aliganj, Lucknow
  Intermediate - ***Percentage: 94.3*** *April 2020 - March 2022*
- **City Montessori School** Aliganj, Lucknow
  Matriculation - ***Percentage: 95.6*** *April 2018 - March 2020*
